

Did you know???

Early Educators living or working in Arapahoe County may be eligible for a stipend through ACECC.

How???

Apply for the Colorado Early Childhood Professional Credential through the Office of Professional Development. The Credential is a career lattice that recognizes increased education and compensation have a direct impact on the quality of early care and education. The Credential is "common language" when advocating for our field in the community.

In order to qualify for the Stipend, individuals must meet a **Level I or higher** on the Credential. Recipients will be required to submit a copy of their certificate from the Office of Professional Development.

Why???

The Arapahoe County Early Childhood Council supports programs working with children and families. ACECC wants to recognize people that apply for the Colorado Early Childhood Credential. It is the hope of ACECC that educators will continue their education and experience in the field in an effort of move up this professional "lattice".
